THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2006-219-C - ORDER NO. 2006-504
AUGUST 28, 2006

IN RE: Request of Windstream South Carolina, Inc.)	ORDER APPROVING
f/k/a Alltel South Carolina, Inc. for)	SUBMITTAL OF
Certification of the Use of Universal Service)	VERIFICATION LETTER
Funds Pursuant to 47 C.F.R. 54.314 and)	
Telecommunications Act 254(e) Federal)	
Communications Commission CC Docket No.)	
96-45)	

This matter comes before the Public Service Commission of South Carolina (the “Commission”) on the request of Windstream South Carolina, Inc. f/k/a Alltel South Carolina, Inc. (“Windstream”) that this Commission submit a letter to the Federal Communications Commission (“FCC”) and the Universal Service Administration Company (“USAC”), verifying that Windstream is in compliance with Section 254(e) of the Telecommunications Act. Windstream submitted an affidavit attesting to the fact that Federal Universal Service Funds will be used as intended in compliance with Section 254(e) of the Telecommunications Act.

The FCC’s rules require that, in order for carriers to receive the federal support for which they are eligible, state commissions must file an annual certification with USAC and the FCC stating “that all federal high-cost support provided to such carriers [rural incumbent local exchange carriers and competitive carriers classified as eligible

telecommunications carriers serving lines in an area of a rural incumbent local exchange carrier] will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.” 47 C.F.R. Section 54.314. These certifications must be submitted by the state commission prior to October 1 of each year in order for the companies to receive the full federal funding for which they are eligible.

Windstream believes that self-certification is appropriate, and that the Commission may rely on such certification. Windstream notes that timing is critical, because if certification is not accomplished by October 1, 2006, federal support for universal service in the areas served by Windstream in South Carolina will not be provided for at least the first quarter of 2007.

The Office of Regulatory Staff (“ORS”) has examined the request. ORS notes that in the affidavit presented, a representative of Windstream certified that the company would use the federal universal service high-cost support received during 2007 only for the provision, maintenance, and upgrading facilities and services for which the support is intended. ORS states that it recognizes that this certification process has been sufficient in prior years and does not oppose Windstream’s request.

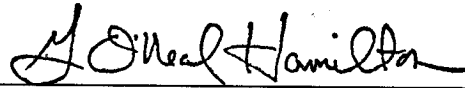

We have examined the Windstream request and the supporting affidavit, and we agree that the prior certification process has been sufficient in prior years and is still sufficient. Accordingly, we grant the requested relief. This Commission will submit a letter to both the FCC and the USAC, verifying that Windstream is in compliance with Section 254(e) of the Telecommunications Act. The letters will be submitted as soon as is practicable, due to the need for certification by October 1.
